

Circle the Variables' Scopes

```
#include <iostream>
using namespace std;
```

```
int main() {
    int a = 3, b = 3, c = 3;

    {
        int a = 5, b = 5;
        c = b;

        {
            int a = 7;
            b = a;
        }
    }

    return 0;
}
```
